

Option 2: Connect to vdi.siu.edu via a HTML 5 browser, All HTML 5 browsers will access the web portal for the connection (easiest option but with a degraded user experience)

Step 1. In your browser go to <https://vdi.siu.edu>

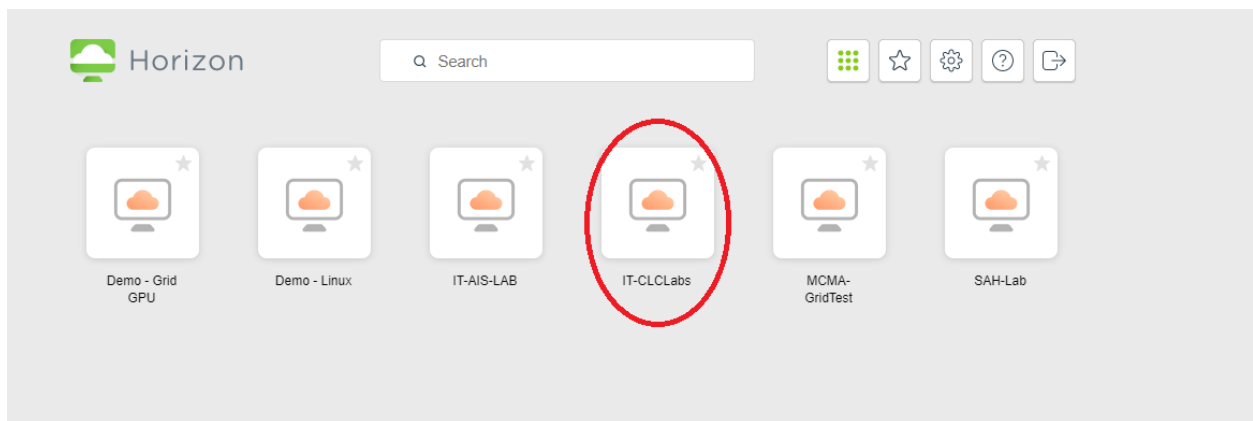

Step 2. Click on the HTML 5 connection icon

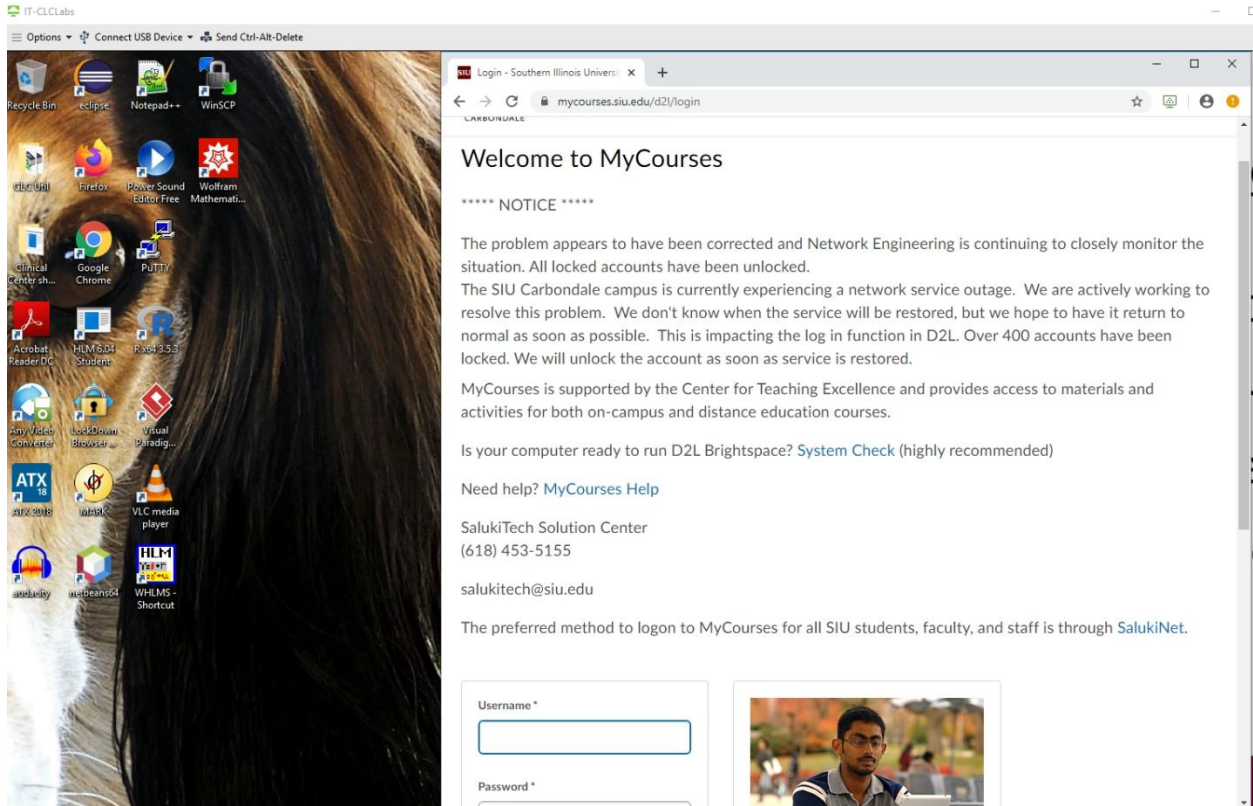

Step 3. Type in NetID SIU850xxxxxx and password, click on Login

Step 4. Click on and select the IT-CLCLabs desktop.

Step 5. Navigate to programs and app with start menu and desktop shortcuts. Lockdown browser will be active in D2L.

The screenshot shows a Windows desktop environment with a horse's face as the wallpaper. The desktop is populated with various application shortcuts, including Recycle Bin, Eclipse, Notepad++, WinSCP, VLC media player, and several educational tools like ATX 48, HLM 6004 Student, and WHLMS - Shortcut. A web browser window is open, displaying the MyCourses login page for Southern Illinois University. The page features a 'Welcome to MyCourses' heading, a 'NOTICE' section regarding a network service outage, and a login form with fields for 'Username \*' and 'Password \*'. A small profile picture of a man is visible in the top right corner of the login area.

## Welcome to MyCourses

\*\*\*\*\* NOTICE \*\*\*\*\*

The problem appears to have been corrected and Network Engineering is continuing to closely monitor the situation. All locked accounts have been unlocked.

The SIU Carbondale campus is currently experiencing a network service outage. We are actively working to resolve this problem. We don't know when the service will be restored, but we hope to have it return to normal as soon as possible. This is impacting the log in function in D2L. Over 400 accounts have been locked. We will unlock the account as soon as service is restored.

MyCourses is supported by the Center for Teaching Excellence and provides access to materials and activities for both on-campus and distance education courses.

Is your computer ready to run D2L Brightspace? [System Check](#) (highly recommended)
